

## IDEAS

→ location of nuclear explosions

→ count of nuclear explosions

→ nuclear explosions by method of deployment

→ nuclear explosions by purpose

→ maximum yield against year

## COMBINE + REFINE

## FILTER

location of nuclear explosions:

nuclear explosions by method of deployment:

nuclear explosions by purpose:

## CATEGORIZE

location of nuclear explosions

count of nuclear explosions

nuclear explosions by method of deployment

nuclear explosions by purpose

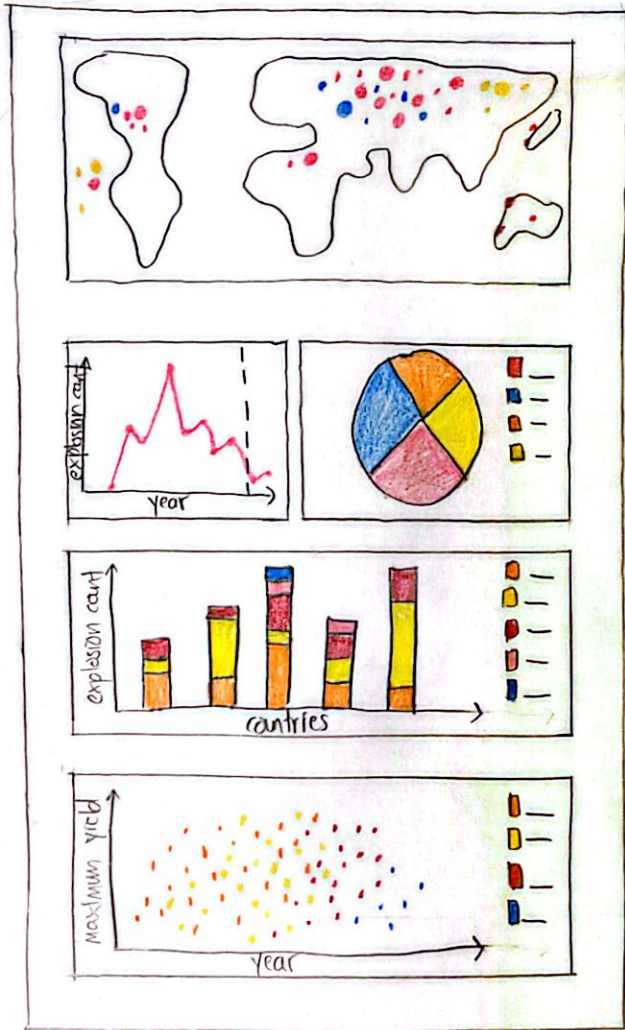

maximum yield against year

## QUESTION

- 1) would the implementations be doable?
- 2) Does it effectively convey the message?

# LAYOUT

Title : Dashboard View  
 Author : Gireshjeet Singh Mann  
 Date : 13/10/2024  
 Sheet : 2  
 Task : Nuclear Explosions Visualization

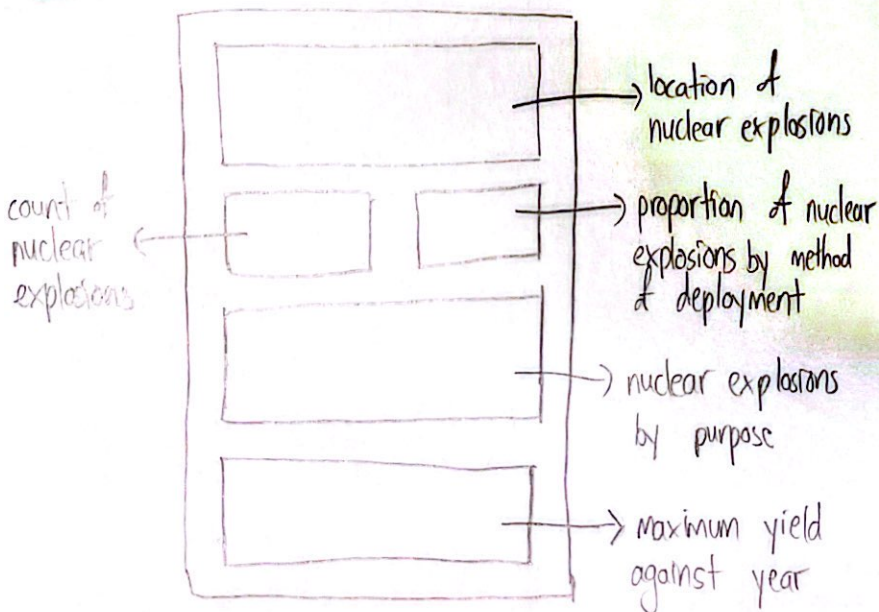

## OPERATION

tooltip :

- country: \_\_\_\_\_
- region: \_\_\_\_\_
- latitude: \_\_\_\_\_
- longitude: \_\_\_\_\_
- depth: \_\_\_\_\_
- magnitude: \_\_\_\_\_
- yield: \_\_\_\_\_
- year: \_\_\_\_\_
- name: \_\_\_\_\_

## FOCUS

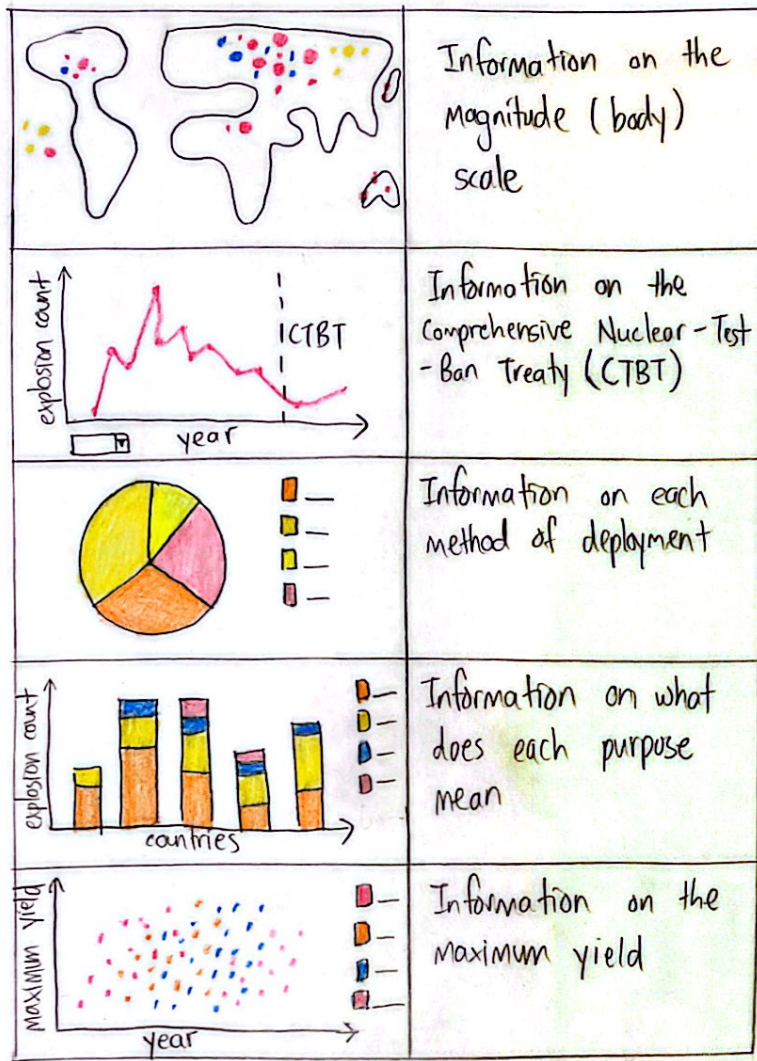

## DISCUSSIONS

- \* user may not know the context
- \* important information has to be added to address the message
- \* would a picture help?

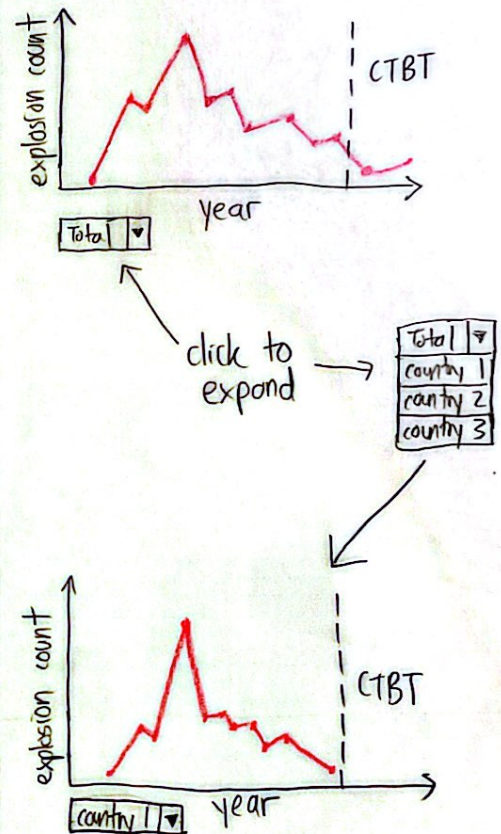

## LAYOUT

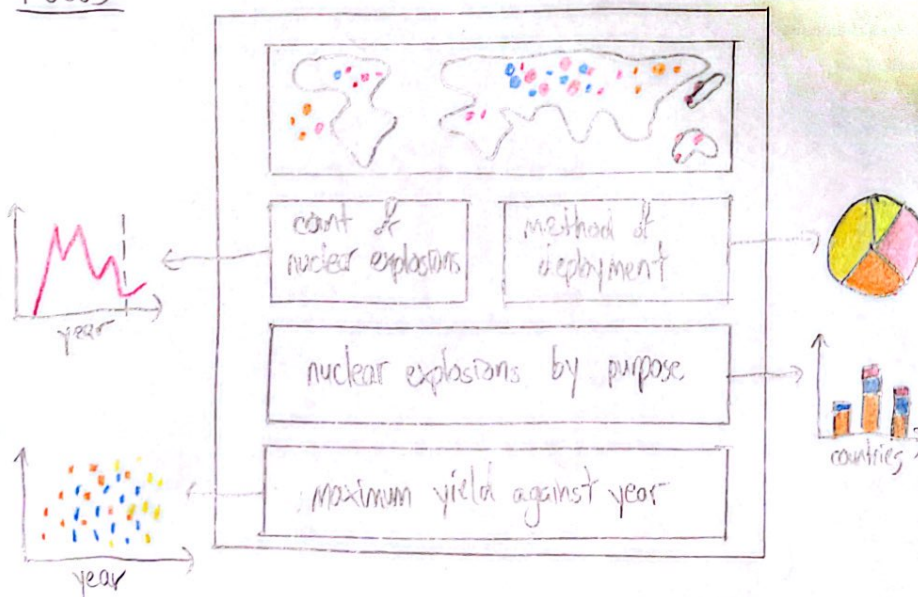

Title : Full Narrative View  
 Author : Giresheet Singh Mann  
 Date : 13/10/2024  
 Sheet : 3  
 Task : Narrative Visualization

## OPERATION

## FOCUS

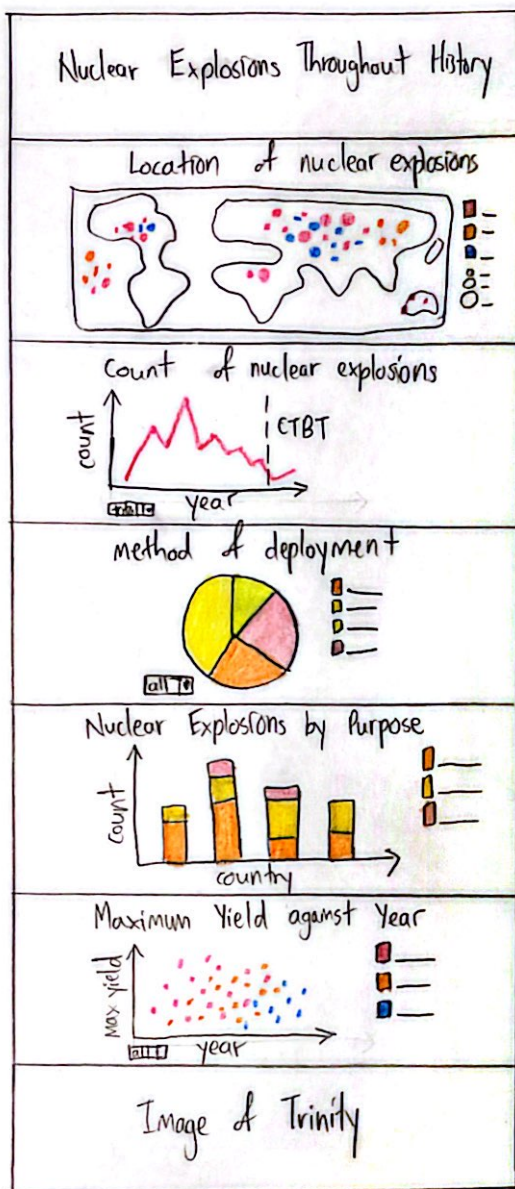

## DISCUSSION

- \* Should include more interactions for users
- \* Hopefully it looks informative and concise
- \* The implementations should be doable

# LAYOUT

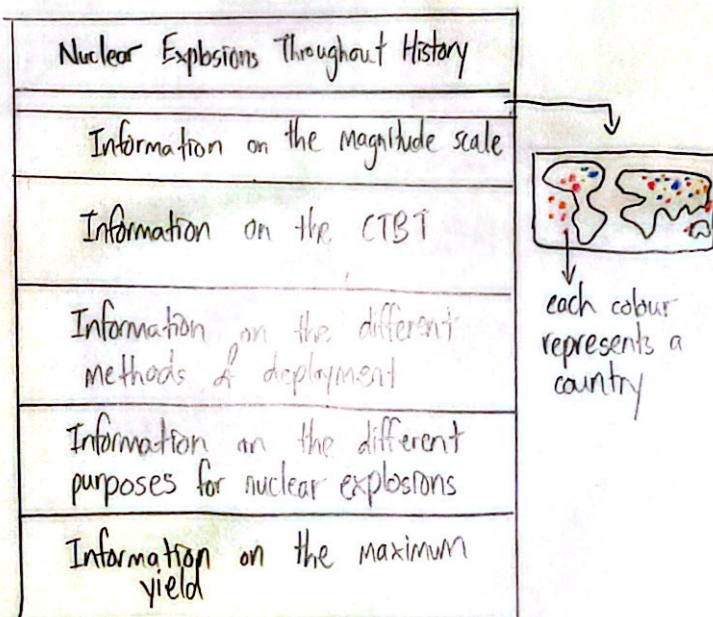

Title : Simple Narrative Visualization  
 Author : Gireshjeet Singh Mann  
 Date : 13/10/2024  
 Sheet : 4  
 Task : Create Narrative Visualization

## OPERATION

## FOCUS

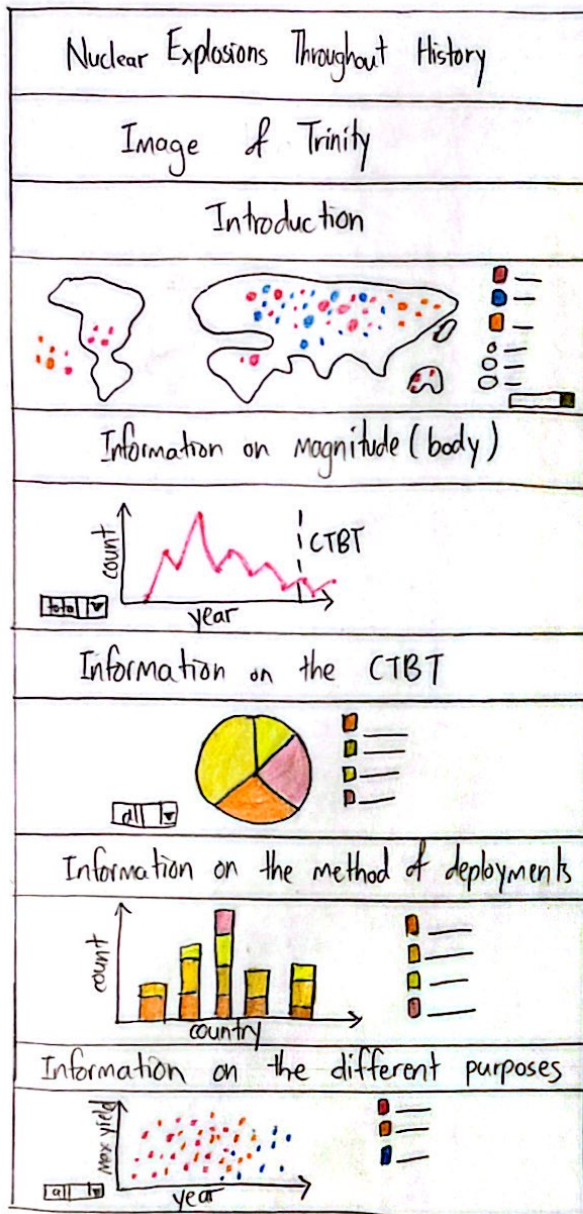

## DISCUSSIONS

- \* Maybe I can make the map even more interactive
- \* I should add more annotations to the line plot to highlight more important events

## LAYOUT

## FOCUS

Year : \_\_\_\_  
Number of explosions : \_\_\_\_

Method of deployment : \_\_\_\_  
count of explosions : \_\_\_\_  
Proportion : \_\_\_\_

Country : \_\_\_\_  
Max Yield : \_\_\_\_  
Year : \_\_\_\_

Title : Final Design Sheet  
Author : Gireshjeet Singh Mann  
Date : 13/10/2024  
Sheet : 5  
Task : Final Implementation Design

## OPERATION

slider

## DETAIL

- \* Time to implement : 1 week
- \* Require TopoJson files for the map
- \* Should be enough interactivity
- \* More annotations are added
